

UCLA performs very well in all the national and international rankings of the “best” public and private universities, including the most widely known list published by *U.S. News & World Report*.

Following is an overview of some of the more significant and well-known national and international rankings. It includes information on UCLA’s standing, as well as commentary that provides a sense of the factors used to determine the rankings. The charts provide a snapshot of UCLA’s standing in these rankings vis-à-vis other top-tier research universities, both public and private.

U.S. News & World Report

UCLA ranked second among public universities again this year, and tied for 24th among all universities in the USN&WR Best Colleges rankings. Six University of California campuses rank in the top 10 among publics: Berkeley (1st), UCLA (2nd), Santa Barbara (8th), Irvine (9th), Davis and San Diego (tied for 10th). The *USN&WR* rankings, despite their popularity, tell only part of the story. They place more emphasis on factors that tend to favor private universities, such as endowments, alumni giving and student-faculty ratios. *USN&WR* has also seen its share of controversy. Nevertheless, it is a useful tool that focuses largely on factors related to undergraduate education.

U.S. News & World Report Global Rankings

U.S. News introduced a new global ranking of universities in 2014. The methodology for this ranking is very different from the publication’s U.S. ranking system. It gives much more weight to academic research and reputation, as well as graduate and professional school quality. That’s why the University of California, San Francisco — which has no undergraduate enrollment — is included in the global rankings but not the U.S. rankings. In the 2017 U.S. News global rankings, UCLA is 10th in the world. Other UC campuses in the top 25 are Berkeley (4th), San Diego (15th), San Francisco (16th) and Santa Barbara (24th).

Washington Monthly

Washington Monthly's rankings are unique in that they place an emphasis on the societal benefits of major research universities, including access, social commitment and the importance of research as a major driver of the economy and quality of life. In 2016 UCLA ranked 8th out of 303 national universities in Washington Monthly's annual list.

Half of UCLA's undergraduates participate in some form of community service, such as tutoring youths, adults and incarcerated juveniles; addressing the health and educational needs of underserved communities; combating poverty and homelessness; and providing legal, social, medical and educational assistance to local residents.

More than a third of UCLA undergraduates receive federal Pell Grants, which provide upward mobility. UCLA graduates 91 percent of those who enroll as freshmen, among the top in the nation.

Doctoral Research Rankings

NATIONAL RESEARCH COUNCIL

The NRC compiles the premier assessment of the nation's doctoral research programs. In its most recent ranking, which came out in 2010, the NRC placed many of UCLA's graduate programs in its highest ranks. Of the 59 UCLA programs evaluated by the NRC, 40 placed within a range that extended to the top 10. Only two other universities — UC Berkeley, with 48, and Harvard University, with 46 — had more programs that extended to the top 10.

Hospital Rankings

U.S. NEWS & WORLD REPORT'S "BEST HOSPITALS"

UCLA Health's hospitals in Westwood and Santa Monica have been named to U.S. News and World Report's 2016-2017 Best Hospitals Honor Roll. UCLA ranked No. 5 this year. The Honor Roll highlights 15 hospitals out of nearly 5,000 nationwide for their expertise in treating the most challenging patients in at least six medical specialties.

Other Marks of Excellence

For the fiscal year ending June 30, 2016, the campus received more than \$1 billion in awarded research grants and contracts, the fifth time UCLA has exceeded the \$1 billion mark.

UCLA is the most popular campus in the nation, with more than 119,000 freshman and transfer student applicants for a fall 2016 class of about 6,400. The overall grade-point average of the 17,500 freshman applicants who were admitted for fall was 4.41.

A distinguished faculty is the cornerstone of any great university. Seven UCLA alumni and six faculty members have been awarded the Nobel Prize, and the campus has had 10 National Medal of Science winners, 12 MacArthur Foundation Fellows, three Pulitzer Prize winners and hundreds of recipients of Guggenheim, Sloan, Fulbright-Hays and other leading academic grants, fellowships and awards.
